

Date: April 11, 2016		FAX or Email THIS SHEET IN TO THE OFFICE AFTER YOUR MEETING!!!	
Project Number#	Job Name:	Person Conducting Meeting	

Safety Inspection

Foreman, please have a crew member walk your site and see what hazards our crews are exposed to such as; bad cords, housekeeping issues, damaged or missing guardrails, holes in the floor, missing inspection sheets, poor lighting, scaffold issues, Etc., etc....

Once your crew member returns the inspection sheet, discuss the items with your entire crew and instruct them on how to eliminate any safety hazards.

To receive credit for this week's TBT, both sides of this form need to be completed and faxed or emailed into the office.

Last week's Bonus Question: Is Ryan Companies 100% safety glasses? [\(even when sanding\)](#)

Answer: Ron Watters said, "Yes, Ryan Companies, is 100% safety glasses no matter what Olympic's policy says about our tapers not wearing glasses while sanding."

Report any safety hazards to your Foreman.

Inspect your equipment (**scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc..**) prior to the start of each work shift.

For **inspection packets or repair tags** call Kevin Lake @ (952) 513-9775 to have some delivered to your jobsite.

Any questions, give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are legible)

Visit our website: www.olympiccompanies.com

Comments:

Record to beat 378 days!!!

As of April 7, 2016 we have worked 11 day without a Lost Time Injury.

Toolbox Talks winner for last week: **Ron Watters @ St. Paul Hyatt**

This week's Bonus Question: **If the building we are working on has a "LIVE" sprinkler system, what questions should we be asking?**

Hint: **See Foreman**

"Building a Safer Place to Work" one week at a time.
