Project Number#	Job Name:	Person Conducting Meeting:	

Jobsite Specific Toolbox Talk

Foreman, discuss with your crew safety hazards that are on your project and come up with your own TBT topic that addresses these items. FILL IN BELOW!

2018 Olympic Christmas Party is on December 13th from 4:00-7:00 P.M. at the Delta Hotel Minneapolis!

Last week's Bonus Question: What issues were mentioned on the self inspection form that was completed?

Answer: A few of the safety items that were abated on our projects were housekeeping and bad electrical cords. These two items were noted by last weeks toolbox talk winners.

Inspect your equipment (*scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc..*) prior to the start of each work shift.

For **inspection packets or repair tags** call **Dave Sangren @ (612) 644-3136** to have some delivered to your jobsite.

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME
(Foreman review sheet, verify crew members names are legible)

Comments:

Record to beat 378 days!!!
As of November 21, 2018 we have worked 33 days without a Lost Time Injury.
We have safely worked 44,688 hours towards our ATV goal of 150,000 hours!

Toolbox Talks winner for last week: **Aaron Meyer @ Zenith Condo & Eric Leger @ The Nordic**

This week's Bonus Question: **What injury prevention method was discussed on our jobsite last week?**

Hint: **See Foreman**

"Building a Safer Place to Work" one week at a time.

Items to look for:

Check for scaffold damaged parts

Gang box is organized

Safety signage posted?

Airless sprayer does
Not have pressure in
The line before we
clean it

Only one item tied back to roof anchors

Equipment is inspected

Protect our ele cords

containers labeled fire ext?

base plates? HOUSEKEEPING
