

Date: March 31, 2014		FAX THIS SHEET IN TO THE OFFICE AFTER YOUR MEETING!!!	
<u>Project Number#</u>	<u>Job Name:</u>	<u>Person Conducting Meeting</u>	

Jobsite Inspection

Foreman, please have one of your crew members take the inspection sheet and walk our work area. Have them look for safety/health hazards that we may be exposed to. At break time review the findings with the crew and come up with a way to abate the hazard. If the hazard has to do with the GC or another trade, request that they remove the hazard so no one on this site is injured. Please fax in **both sides** of this sheet to be recorded into the job file.

	
---	--

Last week's Bonus Question: What is the **PICTOGRAM** for the small "**PROPYLENE/I-BUTENE**" fuel cells used by the carpenters in their Trak-It Gas Fastening Nail Guns?

Answer: **Flame inside of a RED diamond (see MSDS)**

GHS Signal Word: **DANGER**

Inspect your equipment (*scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc.*) prior to the start of each work shift.

For **inspection packets or repair tags** call Kevin Lake @ (952) 513-9775 to have some delivered to your jobsite.

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are **legible**)
