Date: February 25, 2019		EMAIL THIS SHEET IN TO THE OFFICE AFTER YOUR MEETING!!!
Project Number#	Job Name:	Person Conducting Meeting:

2019 Safety Training Paperwork

Today is the last day to submit your RTK paperwork in to the office. As of Tuesday your foreman will be getting a call from Dan Nestrud or Jeff Manick with names of who has not yet turned in their paperwork. They will be sent home to go get it and complete! Any questions, give Sturg a call @ 612-221-8603.

--

As of Friday, March 1st we will have gone 2 months without a lost time injury! If you have any ideas for a safety award, please send your ideas to Sturg or Lindsey.

Last week's Bonus Question: How many Oly EE's are missing **2019** ER Info Packets in their hardhats?

Answer: With the three winners we had this week, one of our winners said everyone had their Emergency Information Packets. The second person said their project had 2 employees missing packets and the third employee said 5 crew members were missing their packets. **Let Lindsey know if you need a packet.*

Inspect your equipment (**scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc..**) prior to the start of each work shift.

For **inspection packets or repair tags** call **Dave Sangren @ (612) 644-3136** to have some delivered to your jobsite.

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are legible)

Comments:

Record to beat 378 days!!!

As of February 21, 2019 we have worked 53 days without a Lost Time Injury.

We have safely worked 80,776 hours towards our ATV goal of 150,000 hours!

Toolbox Talks winner for last week:

Jorge Lopez @ Generose, Gabe Whall @ Dayton's, Cole Thompson @ The Nordic

This week's Bonus Question: **What ideas does your crew have for a January-February safety award?**

Hint: **Talk with the crew**

"Building a Safer Place to Work" one week at a time.

Congratulations, Chad Fore, February's Safety Suggestion Winner!

The Safety Committee chose Chad's "Pre-Start" Conversation:

Having a clear head and a good night's sleep is key to starting each day, but before actually starting work, a Pre-Planned Work Day is vital. Foreman and Lead Persons should be tasking the crew's projects for the day and asking themselves, "What part of this procedure/task is dangerous, and what safety concerns alarm me to put a solution to it?" A well pre-planned day, week, and even month, can help solidify a safe procedure and safe environment.

\$250.00

**The Safety Committee would like to thank all of you who
submitted their safety suggestions.
The Committee decided to award another \$250.00 prize for
March's Safety Suggestion Winner.**

The Topic:

**How do we get the word out to all Olympic Employees of any changes made to
Olympics' Safety Policies/Programs?**

(Olympic website, Facebook, Payroll insert, Toolbox Talks)
