Date: March 11, 2019		EMAIL THIS SHEET IN TO THE OFFICE AFTER YOUR MEETING!!!	
Project Number#	Job Name:	Person Conducting Meeting:	

Jobsite Inspection

Foreman, please have one of your crew members take the inspection sheet and walk our work area. Have them look for safety/health hazards that we may be exposed to. At break time review the findings with your crew and come up with a way to abate any hazards. If a hazard has to do with the GC or another trade, request that they remove the hazard so that no one on this jobsite is injured.

To receive credit for this week's TBT, both sides of this form need to be completed and emailed into the office.

Last week's Bonus Question: Who led morning stretch this morning?
 Did our foreman tell us what we are going to do today?

Answer: Jeremiah said his Foreman led stretch, and they discussed what was on their schedule for the day.

Inspect your equipment (*scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc.*) prior to the start of each work shift.

For **inspection packets or repair tags** call **Dave Sangren @ (612) 644-3136** to have some delivered to your jobsite.

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are legible)

Comments:

Record to beat **378 days!!!**

As of **March 7, 2019** we have worked **65** days without a Lost Time Injury.
 We have safely worked **96,920** hours towards our ATV goal of **150,000** hours!

Toolbox Talks winner for last week: **Jeremiah Luedke @ Scaffold crew**

This week's Bonus Question: **What issues were mentioned on the self inspection form that was completed?**

Hint: **See Foreman**

"Building a Safer Place to Work" one week at a time.
