**Term:** 6 Months

**Meeting Schedule:** 3<sup>rd</sup> Tuesday of each month

**Next Meeting:** April 16th, 2019 @ 2:00 p.m.

**Objective:** With teamwork, commitment, and ongoing communication, we are  
“*Building a Safer Place to Work.*”

If you are interested in being on the safety committee,  
please contact Lindsey Harfield @ 612-599-1107.

## Toolbox Talk Winners this Month

**Jake Lenertz**

**Tony Pagel**

**Jason Sundeen**

**Rob Meuwissen**

**Wayne Sabin**

**Scott Kush**

**Scott Fieber**

**Travis Derosier**

**Dave Hedtke**

## How do you become a TBT winner?

During morning break on  
Monday's, TBT is discussed.  
Every Tuesday between 8:00-8:30 p.m.,  
Sturg, calls or texts 5 random employees.  
Answer his questions correctly and win!

## Safety Committee Newsletter

### Safe Jobsite of the Month:

## Restoration Hardware

## PPE: Eye and Face Protection

Safety glasses, goggles or face shields are to be worn any time work operations can cause foreign objects to get in the eye or strike your face. For example: welding, cutting, grinding, nailing, using chipping tools or harmful chemicals. If you wear prescription glasses, make sure safety eyewear has "Z87" marked on the frame and side shields. If you need prescription safety glasses, give Lindsey or Sturg a call for the paperwork and locations of eye clinics where we have accounts set up. A simple scratch to your eye can cause recurring pain or even vision loss.

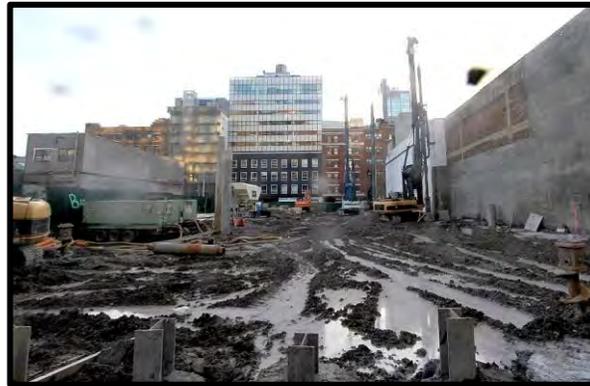

**Always protect your eyes!**

**If your safety glasses get damaged, worn, or lost please ask your Foreman ASAP for a replacement pair.**

## Jobsite Conditions

As this winter leaves and spring comes in, we have new safety hazards. The walkways are more slippery, it is dark in the morning again, we have water in the building, and the sloppy mud we walked thru to go home is now GIANT frozen ruts the next morning. We constantly need to pay attention to the changes on our jobsites. Take time and use smaller steps walking on slippery walkways, spread sand on frosty walkways, get our electrical cords and materials off the wet floors, keep a flash light in your pocket for the dark walk into the building, and take it easy while walking on those frozen ruts from the lulls & delivery trucks. Please communicate with our GC's Superintendent to provide us safe access in and out of the project.

**All safety awards have been delivered. If you have not yet received yours, please contact Lindsey to see if you qualified. (612) 599-1107**

Please help Olympic Companies continue "Building a Safer Place to Work"!

## Monthly Safety Suggestion

### **Topic:**

How do we get the word out to all Olympic Employees of any changes made to Olympic's Safety Policies/Programs?

### **Winner(s):**

Chuck Hecht @ Vomela

Keep it simple. Send an email to our Foremen and instruct them to go over any new policies or changes in our safety program. Then make the following week's TBT topic in regards to those changes

### **Tip of the Month**

**ALL employees need to wear P.P.E.**
