

Date: September 30, 2019		FAX THIS SHEET IN TO THE OFFICE AFTER YOUR MEETING!!!	
Project Number#:	Job Name:	Person Conducting Meeting:	

4th Quarter of the Year

OSHA states that statistically **the last 3 months** of the year are the most dangerous for those working in the construction trades. See *why* on the back side of this sheet containing more information.

Last week's Bonus Question: Where can we get a flu shot?

Answer: Ben said we can get flu shots at Cub Foods, CVS and medical clinics near our homes.

For **inspection packets or repair tags** call **Dave Sangren @ (612) 644-3136** to have some delivered to your jobsite.

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME!!!

Comments:

As of September 26, 2019 we have worked 33 days without a Lost Time Injury.
We have safely worked 48,888 hours towards our ATV goal of 150,000 hours!

Toolbox Talks winner for last week: **Ben Hansen @ Daymark**

This week's Bonus Question: **Items that we worry about during the last 3 months of the year, that may take our minds off of working safely?**

Hint: **Ask Toolbox talk**

"Building a Safer Place to Work" one week at a time.

The 4th Quarter

It is documented that more construction workers get injured in the last quarter of the year than any other. Experts feel this may be due to workers having many things other than work on their mind.

Common distractions...

Kids after school activities, the last family summer vacation, will the Vikings beating the Packers, how far will the Twins go in playoffs, the start of all the hunting seasons, closing up the cabin, tuning up the snow machines & the snow blower, the holidays and Christmas gifts for your family.

All very important things, but we need to keep safety on our minds while we are working.

Our work place is constantly changing...

Mornings are darker, slippery surfaces, wearing warm clothing, poly enclosures, temp lighting, carbon monoxide exposure, etc.

Our family and friends depend on us to work safe.

Thanks for helping Olympic have a "SAFE" fourth quarter.
