

I Need to Self-Assess Before Going to Work:

1). Do I have a fever of 100.4 or higher?

2). Have I been in contact with anyone with suspected or confirmed COVID-19?

3). Do "I" have any COVID-19 symptoms?

¹ According to the latest guidance from the CDC, COVID-19 has a wide range of symptoms, such as: (1) fever or chills; (2) cough; (3) shortness of breath or difficulty breathing; (4) fatigue; (5) muscle or body aches; (6) headache; (7) new loss of taste or smell; (8) sore throat; (9) congestion or runny nose; (10) nausea or vomiting; and/or (11) diarrhea.
