First-Aid Kits

When an incident occurs on the jobsite, it is not the time to find out we do not have a first-aid-kit in the area we're working or that the first-aid-kit is out of supplies. We need to verify the locations of our properly stocked first-aid kits. On the back side of this sheet is the correct list of a properly stocked first-aid kit. Also, verify that the 16 ounce bottle of eye wash is not a large block of "ICE".

Last week's Bonus Question: How many boxes of sweeping compound are on this jobsite?

Answer: Answers varied on the number of boxes of sweeping compound that were on the TBT winners projects.

Inspect your equipment (*scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc.*) prior to the start of each work shift.

For **inspection packets or repair tags** call **Dave Sangren @ (612) 644-3136** to have some delivered to your jobsite.

Please call Dave if your jobsite is in need of hand sanitizer, bleach cleaner, masks, etc.

Any questions/concerns, please give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are legible)
