Covid-19 Virus Update

As we all know, states are slowly reopening businesses and schools and everyone will be hurrying to **get back to "NORMAL"**. It is just as important now as it was before that we do our part to protect ourselves, our families and our co-workers. Please continue to do your part both at home and on the jobsite. **Wear your masks and wash your hands often. Continue our social distancing by minimize the number of co-workers at the break room table and keep a 6' space between each other. Wipe down lunchrooms and "SHARED" tools. Stay home if you are sick!**

Last week's Bonus Question: Where is our gathering area on this jobsite in the event of a tornado?

Answer: Answers varied by the specific jobsites. Common answer was that crews were to gather at lowest level of the project, away from any exterior glass walls. **NO** one is to leave the project without checking in with your Olympic Foreman.

Inspect your equipment (*scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc.*) prior to the start of each work shift.

For inspection packets, repair tags or **SAND** call Dave Sangren @ (612) 644-3136 to have some delivered to your jobsite.
 Please call Dave if your jobsite is in need of COVID supplies: hand sanitizer, bleach cleaner, masks, etc.

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are legible)

Visit our website: www.olympiccompanies.com

Comments:

As of **April 1, 2021** we have worked **28** days without a Lost Time Injury.
 We have safely worked **43,909** hours towards our new ATV goal of **150,000** hours!

Toolbox Talks winner for last week: **Samantha Sharp & Juan Quito-Villa @ 270 Henn**

This week's Bonus Question: **What can we do to minimize the spread of COVID-19?**

Hint: **See Foreman**

"Building a Safer Place to Work" one week at a time.

Getting 'Back to Normal' Is Going to Take **All of Our Tools**

If we use all the tools we have, we stand the best chance of getting our families, communities, schools, and workplaces "back to normal" sooner:

Get vaccinated.

Wear a mask.

Stay 6 feet from others,
and avoid crowds.

Wash
hands often.
