

Date: July 19, 2021		PLEASE EMAIL YOUR SIGN-IN SHEET INTO THE OFFICE AFTER YOUR MEETING	
Project Number#	Job Name:	Person Conducting Meeting:	

Air Quality

Hazard: When we have an exposure to toxic vapors/irritating dusts produced by Olympic or another contractor, we need to minimize or eliminate the hazard.

How to minimize or eliminate the hazard:

If we're creating the issue, we may use engineering controls such as sweeping compound, fans and opening windows and doors. If you feel that you need more, we have paper respirators available for you. If the issue is caused by another contractor, your Foreman will make contact with the other trades and request their SDS info &/or air testing results and ask them to vent the hazard outdoors. If this doesn't work, we will explain to the GC that we need to protect our crew members. They will need to make some changes or we'll need to work in another area or go to another project until the issue is resolved.

Last Weeks Bonus Question:

How many pounds of force does the top rail of a guard rail system need to hold?

Answer: A top rail of a guard rail systems needs to hold 200 lbs. of force, a mid-rail 150 lbs. and the toe board needs to with stand 50 lbs.

Inspect your equipment (*scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc.*) prior to the start of each work shift.

For inspection packets, repair tags call Dave Sangren @ (612) 612-644-3136 to have some delivered to your jobsite. Please call Dave if your jobsite is in need of COVID supplies: hand sanitizer, bleach cleaner, masks, etc.

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are legible)

Comments: [Visit our website: www.olympiccompanies.com](http://www.olympiccompanies.com)

As of July 15, 2021 we have worked 66 days without a Lost Time Injury. We have safely worked 99,163 hours towards our ATV goal of 150,000 hours!

As you can see, we have successfully worked the months of May and June without a Lost Time injury. If you have any suggestions for a Safety Award, send a text to Sturg @ 612.221.8603!
So far the suggestions have been: Camping chairs, Backpacks, Gift Cards

Toolbox Talks winner for last week: **Robert Martinez & Aron Strouth @ ESSENTIA**
Chad Peterson @ The Pointe

This week's Bonus Question: **Where would we find our SDS for the products we have on this jobsite?**

HINT: See Foreman
