## Electrical Safety

Every year many workers on construction sites suffer electric shocks while using portable electrical tools and equipment. The nature of the injuries, including those caused by lack of ground fault protection (GFCI 3-ways), can range from minor injuries to serious injuries like electrocution. A secondary injury may occur when a worker recoils from an electrical shock such as a fall or struck by type injury. To help prevent injury, review the photos on the back side of this sheet and identify the electrical hazard(s).

### Last Weeks Bonus Question:

Where would we find our SDS for the products we have on this jobsite?

**Answer:** Anabel Martinez said SDS sheets for the project she's working on are found on her Foreman's iPad.

Inspect your equipment (*scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc.*) prior to the start of each work shift.

For inspection packets, repair tags call Dave Sangren @ (612) 612-644-3136 to have some delivered to your jobsite.

Please call Dave if your jobsite is in need of COVID supplies: hand sanitizer, bleach cleaner, masks, etc.

Any questions give Sturg a call (612) 221-8603

### PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are legible)

### Comments:

As of **July 22, 2021** we have worked **72** days without a Lost Time Injury.  
We have safely worked **108,133** hours towards our ATV goal of **150,000** hours!

We have successfully worked the months of May and June without a Lost Time injury. Due to the lack of inventory for a safety awards, the Safety Committee met last week and decided to order \$50 Gift Cards. The cards are getting processed and will be delivered to projects once they arrive. The Safety Committee also drew the Essentia Northland Hospital Project as the Safe Jobsite for June!

Toolbox Talks winner for last week: **Anabel Martinez @ ESSENTIA**

This week's Bonus Question: **What do we do with a damaged electrical tool on this project?**

HINT: **See Foreman**

# Electrical Hazards to watch for!
