After Our Holiday Vacation

We are coming back from a long weekend with family. Everyone has so much going on at home with the holidays and complicate that with the virus, sometimes we get distracted at work. Let's take an extra moment to review our work for the day and make sure we are all on track. The last thing anyone wants to do is make a trip to the clinic before the end of the year.

We have another long weekend ahead of us, New Year's. That being said, just like we've been practicing the past year, we need to take extra safety measure in regards to Covid. Our contractors depend on Olympic to complete our projects on schedule, we need your help to do this. So enjoy this weekend, be safe and we will see you in 2022!

Last week's Bonus Question:

What did our Foreman discuss during this morning's Stretch & Bend?

Answer: Answers varied from jobsite to jobsite, such as; daily tasks, injury prevention, equipment, etc.

Inspect your equipment (*scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc..*) prior to the start of each work shift.

For **inspection packets or repair tags** call Dave Sangren @ (612) 644-3136 to have some delivered to your jobsite.

Please call Dave if your jobsite is in need of hand sanitizer, bleach cleaner, masks, etc.

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are legible)
