

Date: January 17, 2022		E-MAIL THIS SHEET IN TO THE OFFICE AFTER YOUR MEETING!!!	
Project Number#	Job Name:	Person Conducting Meeting:	

COVID-19

This past week we had a **VERY LARGE** amount of COVID-19 cases reported to the office. As most of you have heard, the OSHA ETS Mandate was turned away by the Supreme Court. That being said, the January 10th date to be required to wear a mask is no longer a OSHA requirement. But, with the number of "POSITIVE & CLOSE CONTACT" cases we had, wearing a mask is definitely not a bad idea. If your work assignment has you within 6' of a co-worker, put a mask on.

Your family depends on you, Olympic depends on you.

Thank you to all of you that have sent in their Vaccination Cards & Booster Cards. If anyone has *not* submitted their cards to Lindsey, please do so today - lharfield@olympiccompanies.com

Last week's Bonus Question:

List some symptoms you may have, to call your foreman that you are not coming to work today?

Answer: Fever, Difficulty breathing, Loss of Taste/Smell, Body Aches, Nausea Chills, Cough
Runny nose, Sore Throat, Headache, Fatigue

Inspect your equipment (*scaffold, aerial lifts, ladders, fall protection, electrical cords, etc., etc..*) prior to the start of each work shift.

For **inspection packets or repair tags** call Dave Sangren @ (612) 644-3136 to have some delivered to your jobsite.

Please call Dave if your jobsite is in need of hand sanitizer, bleach cleaner, masks, etc.

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME

(Foreman review sheet, verify crew members names are legible)

Comments:

As of **January 13, 2022** we have worked **9** days without a Lost Time Injury.
We have safely worked **17,803** hours towards our new ATV goal of **150,000** hours!

*We had a carpenter injure himself while working overhead this past week.
We wish him a speedy recovery.*

Toolbox Talks winner for last week: **Matt Muchow & Scott Otterness @ Essentia,**
Ben Hansen @ Dick's Sporting Goods, Delton Vincent @ Legacy Commons

This week's Bonus Question: **Where would you find masks on your jobsite?**

Hint: **See Foreman**

"Building a Safer Place to Work" one week at a time.

How to Safely Wear Your Mask

Step 1: Wash or sanitize your hands.

Step 2: Make sure the top of the mask is over your nose and the bottom is under your chin.

Step 3: Place the mask over your nose and mouth before you use the ear straps or tie it behind your head.

Step 4: Move the mask around so it covers nose, mouth, and chin completely.

Step 5: The tops of some masks can bend. Press your fingers on the top of the mask to make them fit tight around your nose.

Step 6: Do not touch the mask while wearing it. Use the mask ear straps or ties if you need to make it fit better.

Step 7: Use the mask ear straps or ties to take it off. Do not touch the front.

Step 8: Throw away if mask is disposable.

Step 9: Wash your mask by machine or by hand before you use it again.

Step 10: Wash or sanitize your hands again.
